

RECHARGEABLE BATTERY SUPPLIER

Product Name: LI-ION RECHARGEABLE BATTERY

Model: LY-26F-High top

Produce Code: LY-26F-LEY

Basic Data

| Item | Data |
|------------------------|--------------------------------|
| Nominal Voltage | 3.7V |
| Capacity | 2600mAh (0.2C to 3.0V) |
| Charge Current | 1300-2000mA (PCM) |
| Charge Control | CC/CV (4.2V) |
| Max. Discharge Current | 2000mA (PCM) |
| Discharge Voltage | 2.75V(PCM) |
| Working Temp | Charge: 0~ +45°C 65±20%RH |
| | Discharge: -20~ +60°C 65±20%RH |
| Storage Environment | 25±3°C(Max. 1 year) |
| | -20~ +45°C(in 3 month) |
| | 65±20%RH |
| Weight | 50g(approx) |
| Voltage as shipment | 3.75-3.90V |
| Dimension | Max.18.8*71 mm(with high top) |
| Output | High top |
| Application | Torch/flashlight |

Remark:

1. Long time stock may cause the loss of characteristics.+
2. Quality Confirm Period: in 30 days after receive the batteries.
3. Suggest to use batteries in 3 months after received.
